

New Zealanders love their kai (that's Māori for 'food') and as a country we are spoilt for choice. Surrounded by the sea we have access to fresh seafood year round as well as fertile land producing some of the best lamb, beef and dairy products in the world.

We're also into our wines and beers, and produce a number of award winning bottles. Having a few quiet drinks is a popular pastime for many Kiwis while relaxing or catching up with friends. If you'd rather have a non-alcoholic drink, we offer a selection including New Zealand bottled water. New Zealand ranks in the top 10 countries in the world for water quality.

WISHBONE.

Started in Wellington back in 2000, Wishbone has become a name synonymous with producing a range of fresh quality food made by professional chefs. Wishbone use only the best ingredients available, factoring in health, taste, convenience and value for money. You'll find a range of Wishbone food on board to suit most appetites, tastes and dietary requirements. Wishbone know you care about the environment and so do they. They are always working on ways to update their packaging to make as much of it compostable or recyclable as possible, while still keeping your food fresh and tasty.

From the West Coast of the South Island, New Zealand, Monteith's has been brewing its family of fine beers for 150 years, staying true to the authentic processes and recipes of the classic styles they re-create. Monteith's still produces brews that are made to exacting standards and capture the spirit of the world's most famous beers. We recommend the Monteith's Pilsner - a lager with immense flavour and enormous hop character.
